

MINOTAUR ERP

EXTENDED PROFILE

OVERVIEW

Minotaur ERP is a product from Canadian software developer and producer Minotaur Software.

Used extensively in the food and beverage industries, as well as chemical and pharmaceutical sectors Minotaur ERP provides technology and software support and aims to provide lot traceability.

Minotaur ERP is available in handheld form, for many devices including iOS and Android, via the cloud. The software can also be integrated with a range of 3rd-party applications and customized on a client-to-client basis. Minotaur ERP provides functionality for accounting, production, inventory management, EDI, and warehouse management. All data is available on configurable dashboards in real-time and can be easily exported.

Minotaur ERP provides applications that comply with traceability, EDI, and barcoding requirements, enabling tools to calculate accurate costs for manufactured items, whether assembled or disassembled and to calculate and monitor yields.
