

EVEREST ERP

EXTENDED PROFILE

OVERVIEW

Used by many companies in e-commerce and software development, Everest ERP is a business support suite of applications provided by Texas-based software company Everest Software.

Everest ERP is available cloud based, or installed and all data is protected off site by Everest Software. Used heavily in retail and ecommerce the Everest professional ERP is modular in format providing support for payroll, point of sale, estorefront, payment processing, multi company, web design, and CRM.

Everest ERP is provided using a series of proprietary applications, databridge, mailbridge, formdesigner, CRM studio and Excellise, a product, prepared by Microsoft, supporting the integration of existing Excel functionality.
