CGI ADVANTAGE EXTENDED PROFILE

CGI

OVERVIEW

CGI Advantage is an ERP specifically for local and state government departments in North America.

The software caters to government departments seeking a highly customizable solution for managing their finances, HR functions, business intelligence, performance, and procurement. It is designed to minimize the total cost of ownership while meeting government-specific requirements such as CAFR and CMIA processing.

The system is continuously updated to support critical government processes like financial management, budgeting, HR, and procurement

KEY FEATURES

- **Financial management module:** The extensive financial management module promotes accountability and offers real-time budget tracking functionality. It also provides the capability to deliver reports that comply with GAAP and GASB requirements.
- **Procurement module:** CGI's procurement module simplifies and streamlines the procurement process through a rule-based, automated workflow approach.

FLEXIBLE IMPLEMENTATION OPTIONS

CGI Advantage offers a flexible implementation approach. The software can be deployed as a managed service on-premises or hosted in a secure cloud. Alternatively, CGI Advantage360 is CGI’s SaaS offering, delivering out-of-the-box ERP at a lower TCO.
