

BRIGHTPEARL

EXTENDED PROFILE

OVERVIEW

Brightpearl is a cloud-based ERP for retailers and wholesalers. The system aims to automate the back office to enable merchants to spend their time and money growing the business.

Brightpearl offers a complete back-office solution including financial management, inventory and sales order management, purchasing and supplier management, CRM, fulfilment, warehouse and logistics. In addition, the solution integrates with major ecommerce platforms, including Magento, BigCommerce and Shopify.

Brightpearl is designed for retailers and wholesalers and enables omnichannel merchants to manage their business from one single system. Brightpearl's team guides merchants through an efficient implementation process which typically gets them up and running in less than 60 days.
