

FOCUS 9

EXTENDED PROFILE

OVERVIEW

Focus 9 is a web-based ERP solution. It is an intelligent application with simplified IT infrastructure that modernizes and accelerates business operations. It gives companies the tools to automate their critical processes, allowing management to focus on the new market opportunities. Whether an advanced financial accounting or real-time customer response or skilled human resource or beyond, Focus 9 includes end-to-end tools that can drive growth through innovation.

Focus 9 serves as a multiplatform ERP application that can help connecting enterprises with the workforce, business networks, and all departments. The integrated application delivers modern solutions for customer relationship management (CRM) and human capital management (HCM) combined with ERP.

Being pre-equipped with a Single Sign-On (SSO) data security protocol, Focus 9 offers a highly secure and convenient single login for all business applications, helping businesses implement a compliant identity management system. Even though Focus 9 is packed with the latest technology, the application has a much-simplified landscape compared to any other enterprise resource planning (ERP) software.
