

SAVANCE ENTERPRISE

EXTENDED PROFILE

OVERVIEW

Savance Enterprise is an integrated solution that helps wholesale distributors streamline business operations related to accounting, sales, purchasing, inventory and more. It enables users to automatically add customer/vendor contacts in an in-built database and view quoting or purchasing history on a centralized platform.

Features of Savance Enterprise include invoicing, returns management, barcode scanning, electronic signature capture, regulatory compliance, payment processing and more. Users can utilize the administrative dashboard to track the performance of sales representatives and export generated reports in PDF, Excel or CSV format. Additionally, it allows organizations to send automated reminders to prospects through alerts/notifications, facilitating follow-up processes.

Savance Enterprise offers integration with various third-party applications such as Authorize.net, IDEA, MITS, RingCentral and more. Pricing is available on monthly subscriptions and support is extended via email, phone, live chat and other online measures.
