PROSHOP ERP

EXTENDED PROFILE

ProShop

OVERVIEW

ProShop is a comprehensive web-based and 100% paperless shop management system for small to medium manufacturing companies. Built to manage the complex manufacturing environment better than anything else on the market - by an order of magnitude. Never before has there been a system that gives you such insight into every detail of your manufacturing company.

ProShop is 100% paperless ERP/MES and QMS software and includes over 30 modules. We typically replace 3-6 other software systems with ProShop for managing your whole company.

ProShop centralizes all your job data, so setup sheets, tool lists, drawings, and inventory can be accessed in seconds. Whether you're working on complex assemblies or high-mix, low-volume parts, ProShop is built to flex around your unique workflows.
